FIVE KILLED IN AWFUL WRECK

Runaway Freight Crashes Into Passenger Train Near Helena, Montana.

Every Coach in Passenger Train Burned and Express Messenger Burned Alive While Rescuers Were Trying to Pull Him Out of the Wreck.

Helena, Mont.—A runaway freight train on the Northern Pacific crashed into a passenger train Monday about two and a half miles from here, resulting in the death of three passengers, whose names are known, and of two others who were burned in the wreck and whose names have not yet been learned. The known dead: J. S. Robinson of Missoula; Charles Brickie, conductor on passenger; S. J. Jessup, express messenger.

Edward Brown of this city, brakeman, was so seriously injured it is thought he will die. Other passengers were slightly injured.

Every coach in the passenger train was burned and the freight train, which was made up of cars loaded with lumber, was also burned.

The passenger train proceeded the freight out of Austin about eight miles west of Helena. At Austin the engine was detached from the freight. There is a heavy grade from Austin to Helena and the freight got loose. The passenger train was waiting at a crossing, when the freight came thundering down. Before it could get out of the way the freight crashed into it, throwing all the passenger cars into the ditch.

The passenger engine became uncoupled and kept on the track ahead of the freight. After the freight had got a quarter of a mile beyond the passenger wreck it went into the ditch and caught fire. A carload of shingles was dumped on the passenger train wreck and made a terrible fire.

Messenger Jessup was burned alive while four people were trying to pull him out of the wreck. He was caught under wreckage and could not be saved.

GERMANY HOPEFUL OF PEACE OVER MOROCCO

Inspired Newspapers Make the Statement That France Won't Fight Over the Questions Involved.

Berlin.—While government circles maintain an outwardly hopeful attitude regarding the conference at Algiers, the indications are that much concern is felt about the outcome. Even a failure to reach an agreement on the police question is regarded as probable. This inference is drawn from the fact that the inspired press has begun discussing the probable results of a failure to reach an agreement.

These papers assert that a failure would not involve the danger of war so far as Germany is concerned, and they argue that France would never go to war on account of Morocco. These papers interpret the warning of the Havas agency against "excessive optimism" as proving the pacific intentions of the French government. The result of a failure to reach an agreement would be, according to German inspired utterances, that Moroccan affairs would continue to be regulated under the arrangement of 1880.

More critical observers point out that the controversy of 1890 originated despite the arrangement, and that the conference being due to German initiative, its failure would involve serious damage to German prestige. The Hamburger Nachrichten says a failure of the conference would intensify the friction between Germany and France and compromise Germany's position.

DEATH SEEMED NEAR.

How a Chicago Woman Found Help When Hope Was Fast Fading Away.

Mrs. E. T. Gould, 914 W. Lake Street, Chicago, Ill., says: "Doan's Kidney Pills are all that saved me from death of Bright's Disease. I know. I had eye trouble, backache, catches when lying abed or when bending over, was languid and often dizzy and had sick headaches and bearing down pains. The kidney secretions were copious and frequent, and very bad in appearance. It was in 1905 that Doan's Kidney Pills helped me so quickly and cured me of those troubles and I've been well ever since."

Sold by all dealers. 50 cents a box. Foster-McMillan Co., Buffalo, N. Y.

SIMPLE CURE FOR SNAKEBITES.

Life of Coolie Asserted to Have Been Saved by Mesmerism.

When I was stationed at Nowshera news was brought to me one morning that one of my coolies had been bitten by a snake and was dying, says the Madras Times. I hurried to his hut and found the man unconscious and bleeding from his mouth and nose. A few passes from the head downward stopped the bleeding. I continued the passes, and in ten minutes he was able to open his eyes, but unable to speak or move his hands or limbs.

I continued the passes, and after the lapse of another five minutes he was able to speak feebly and indicate the seat of pain. Each pass gradually worked the position downward and the man's speech grew stronger by degrees, and in half an hour's time from the beginning of the operation the man was able to sit up. Having worked the poison down below the knees, I tied a ligature below the knee and sent him to a hospital, where he eventually recovered. He was bitten in the right foot. I should very much have liked to have carried the experiment out to the end and have bled him, but not being a medical man, and as there was a hospital only a few miles distant, I had to submit to circumstances.

Cosmopolitan Household.

A typical South African household described by Olive Schreiner had an English father, a half-Dutch mother with a French name, a Scotch governess, a Zulu cook, a Hottentot housemaid and a Kaffir stable boy, while the little girl who waited on table was a Basuto.

Memory Verse.

"They have no knowledge that set up the wood of their graven image, and pray unto a god that can not save."
